

National Higher Education second five key construction planning materials: linear algebra(Chinese Edition)

Paperback. Pub Date: 2012 07 Pages: 199
Language: Chinese in Publisher: Beijing
Institute of Technology Press. National
Higher Education second five key
construction planning materials: linear
algebra has the following characteristics:
(1) Each chapter are set in front of a
knowledge context diagrams. basic This
chapter summarizes the knowledge
structure diagram approach. focused on the
vital. at a glance. (2) In each chapter. we
have chosen a large number of examples of
typical significance. to help students
gradually learn to learn by analogy. by
analogy. Learning examples. students can
not only make it easier to understand
abstract mathematical concepts and
content. and clear knowledge of the chain a
chain. interconnected links. and more
convenient for students to deepen absorb
and digest the lesson from the master of
this course mathematical thinking and
mathematical met...
