

ALELUKI LOVES NOT TAKING A NAP (THE ADVENTURES OF ACTIVE ALELUKI Book 1)

Well, guess what? Mommy is taking a parenting break and daddy is home alone with ACTIVE ALELUKI! Is Aleluki going to throw a temper tantrum? And is his father going to be able to put him down for the nap? The book you are about to buy is a very special one. It is conceived not only to entertain but also to be a tool for exploring the way children and caregivers interact. It is based on the idea that if toddlers learn to attach and separate in a healthy way, they will become happy and successful adults. Each book contains games, which can be played whether you buy the electronic or the paper version of the book. ALELUKI LOVES NOT TAKING A NAP is the result of the collaboration of an artist living in Spain and a psychotherapist-writer living in California, who never met face to face while working the book. Watch out for our next volume, ALELUKI IN SEARCH OF HIS NIGHT FEARS!
