

## Amazonian Canopy: The Roof of the Worlds Rainforest (THE AMAZON EXPLORATION SERIES Book 10)

The Amazonian canopy Vol. 10 series, is truly the roof of the worlds rain forest. Hundreds of plants hang from every bit of the giant trees. Birds hoot and monkeys, snakes and parrots make their permanent home in the deep green of the broad spherical canopy. You can learn about the incredible diversity of life that occurs in the flourishing undisturbed canopy. It is then that you realize the legacy of the Amazon rain forest. The suspended Canopy Walkways provide the adventurous visitor unprecedented access to the biological lifestyle of the canopy trees. It provides a unique opportunity to observe and study this rich environment; and can be used to get people interested in the Amazon rain forest and as an effective educational curriculum. Filled with beautiful illustrations, this book is an excellent resource to encourage youth to be good stewards of the Amazon rain forest. Children learn about the wide variety of creatures living in the lush canopy. It is highly recommended for elementary and middle schools, community libraries, naturalists and collectors of the Amazon Exploration Series.
