

Complicity: Eye of the Storm

This graphic novel examines gang life. It depicts the troubled relationships between man and community, man and God, and man within himself. Through this tale, we see struggles between negative and positive choices. It is this external process, seeing through others eyes, that we too can deal openly and honestly with our fears, suspicions, and prejudices. It is the tragic story of Mad City Posse (MCP). It is a look at the gang life of drugs, violence, and justice-a world tainted with anger and hate. When Quentin Holmes (aka Q), the brother of founding member of the gang, Oscar Holmes, is murdered, MCP must either choose to seek revenge or peace. MCP decisions have life-altering repercussions.
