

Growing Up With Loukoumi (includes narrated CD)

In *Growing Up With Loukoumi* by Nick Katsoris, a lamb named Loukoumi (Greek for sweet) struggles with what she wants to be when she grows up. She considers becoming a firefighter, a judge or a doctor. As she walks along, she encounters her friends including Gus the bear, Fistiki the cat, Dean the dog and Marika the monkey. Each friend explains to Loukoumi that she can be whatever her heart desires. If she wants to be a singing star, a policeman or even an Oscar winning actress, then she can do it! The key is that she must always believe in herself, stay positive and work hard, because if you believe in yourself your dreams will come true! The CD version of the book (included) features the voices of singing legend Gloria Gaynor, (Grammy Award winner for *I Will Survive*) Oscar-winning actress Olympia Dukakis, national CBS correspondent and MarketWatch anchor Alexis Christoforous, American Idol Heartthrob Constantine Maroulis of American Idol fame, and Guiding Light actor Frank Dicapoulos. Each voices a character that encourages Loukoumi to reach for her dreams, which is especially meaningful when being heard from such inspirational and successful adults. The package also includes an original song from Gloria Gaynor called, Believe.
