

Linear Algebra (Higher Mathematics series of textbooks)(Chinese Edition)

Paperback. Pub Date: 2008 Pages: 194 in
Publisher: Harbin Engineering University
Press. institutions of higher learning
mathematics textbook series: Linear
Algebra Engineering Linear Algebra
course the syllabus (including PubMed
outline) requires written content including
determinants. linear equations. matrices.
vector space. linear transformations. matrix
of eigenvalues ??and eigenvectors. a square
matrix diagonalization. quadratic forms.
College mathematics textbook series: linear
algebra well-structured. clear and logical.
concise. and easy to teach to learn;
mathematics textbook series of Higher
Education: linear algebra example typical
exercises Classic; book with exercises
answers (with exercises guide book).
Audience institutions of higher learning
mathematics textbook series: linear algebra
for science and engineering undergraduate
non-mathematical and apply enginee...
