

Treasure in the Dust

TREASURE IN THE DUST is, in part, a biography of Hale C. Tognoni and follows his dual-career as geological engineer and mining lawyer. His recorded observations run the distance from the West's highest peaks to the depths of man's entrepreneurial intrusions into the earth's fiery interior. Even so, it is the mysteries of our human condition which have occupied his thoughts. The poetry of TREASURE IN THE DUST comes from the realm where Tognoni, the engineer, and Tognoni, the lawyer, meet. To tell the story, the author draws on the lives of forgotten U.S. mining heroes: William Morris Stewart, W. C. Ralston, Adolph Sutro, Waldemar Lindgren, S.F. Emmons, Clarence King, George Wingfield, Herbert Hoover, and Key Pittman among others.
