

Longing for Running Water (Biblical Reflections on Ministry)

Gebaras succinct yet moving statements of the principles of ecofeminism shows how intertwined are the tarnished environment around her and the poverty that afflicts her neighbors. From her experiences with the Brazilian poor womens movement she develops a gritty urban ecofeminism and indeed articulates a whole worldview. She shows how the connections between Western thought, patriarchal Christianity, and environmental destruction necessitate personal conversion to a new relationship with the earth and with the entire cosmos.
