There comes a point in a toddlers life when going in ones diaper is only one possible option, and the question must be raised: Should I go in my potty? With pitch-perfect humor and pacing, Potty Training Book follows the inner dialogue (sure to have little ones shouting responses) and hilarious actions of everyones favorite Baby, winding up with an over-the-top look of surprise and delight that will have both parents and offspring laughing out loud We did it! Camila Echavarría potty-training expert, author of the popular App, Potty training Learning with the Animals shares her proven story to help you toilet train your preschooler quickly and successfully. Worried about potty training? Let Camila Echavarría, potty-training expert at PottytrainingApp.com, show you how its done. Her story, proven process to get your toddler out of diapers and onto the toilet has already worked for 200.000 kids all around the world. Heres the good news: Your child is probably ready to be potty trained EARLIER than you think (ideally, between 20-30 months), and it can be done FASTER than you expect. If youve ever said to yourself: How i interest, motivate or engage my kid to go to the toilet? Why wont my child poop in the potty? How do I avoid potty power struggles? My kid was doing so well why is he regressing? Potty training learning with the animals can solve all of these (and other) common issues. This isnt just a story, youre not bribing with candy, and there are no gimmicks. This is real-world, from-the-trenches potty training success. And check out Pottytrainingapp.com for more
