Wow your friends, wow yourself, and wow your lovers with what you discover in the pages of this compendium of illuminating pieces from the personal notebooks of the acclaimed sexologist and relationship counselor Dr. Amy Marsh. Of this very special book, the author says: Im in love with sexology and Im in love with writingand I expect these to remain lasting passions. During the period when I was writing this book, I was at my most smitten and high-spirited. No one told me what to write about, so writing it was pure pleasure. I could address any topic at all, as long as it had something to do with sexuality or gender. Some chapters emerged from my clinical interests, others from sexological field trips, current events, escapades, personal crusades, or the desire to seduce, dazzle, startle, or inform. I liked switching from serious topics to humor, from eccentricity to advocacy. I enjoyed being unpredictable. I cant really explain it, but writing these chapters made me feel both gleeful and desirable. I never had a problem coming up with new ideas, never felt the dread of an empty page. Chapters include: The Brisk Trade in Panties Santaphilia Sex Squicks Toxins Ate My Sex Life Ecosexology The Semen Survey Intimate Edibles Everything I Needed to Know About Sex I Learned from Science Fiction Aquaphilia and many others!
