

## Shadow Stallion

Micah and Mikayla have simple plans to join an Oregon Trail wagon-train reenactment with their friends in Idaho, but the word simple rarely describes an outing by the Davlin kids. The first complication is cattle rustling; the second, a wild horse roundup; and last but not least, the disappearance of Mikayla and Dusty, the son of a rancher with missing cattle. Combine all these problems with the excitement of a stallion who refuses to be captured, and a super-sleuth (Micah) who tries to make sense of it all, and you have a Wild West adventure-Shadow Stallion.
