

## Money Without Guilt

MONEY WITHOUT GUILT strips away the veil of hypocrisy from religion and in doing so it explodes the myth that one has to be poor in order to walk humbly and serenely with his God. On the other hand, it shows how true generosity and complete faith joined together will provide for the true believer a ten-fold return for bread cast upon the waters. The authors ideas are documented with a myriad of biblical accounts, parables, true-life stories and words of wisdom from such greats as Napoleon Hill, as well as insights into his own history. MONEY WITHOUT GUILT is written clearly and is completely literate. Thus reader interest is held from the first page to the last. And that, after all, is the IMPORTANT THING. Since the first edition of MONEY WITHOUT GUILT was published in 1978, by consistently applying the principles contained in it, the author built an investment portfolio worth three million dollars (\$3,000,000) with real estate holdings in four states: Alabama, Georgia, Texas, and Ohio. In 1986 Rose received twenty-five thousand dollars (\$25,000) in an out of court settlement of a race discrimination suit against Forrest City Auto Parts (the company was selling African Americans parts for three times as much as it was selling them to their white customers). True to the principles of Seed Money, he established the Save Our Children Scholarship Trust Fund, and he continues to give any honorariums that he receives from speaking engagements, and the sale of his books and tapes to that fund.

On October 1, 2007, Rose gave two hundred thousand dollars (\$200,000) to Save Our Children, inc. from the sale of some of his Georgia real estate holdings. Rose said he considered the gift just another investment. After all, he says, you can no more give without receiving than you can sow without reaping. IT IS THE LAW.
