

The Enchanted Island of Yew

The Enchanted Island of Yew: Whereon Prince Marvel Encountered the High Ki of Twi and Other Surprising People is a childrens fantasy novel written by L. Frank Baum. The Island of Yew is set at some undisclosed place in the Earths global ocean in the middle of the sea. (Later commentators have sometimes placed it in Baums Nonestic Ocean with the landmass that contains the Land of Oz and its associated countries; but there is no authority for this in the book itself.) Like Oz, it is divided into four countries associated with the four cardinal directions, plus a fifth central country that dominates the others. In the east of Yew lies the land of Dawna; in the west, tinted rose and purple by the setting sun, is Auriel. In the south lies the kingdom of Plenta, where fruits and flowers abounded; and in the north is Heg, the most stereotypically feudal and medieval of the four. In the center, like the Emerald City in Oz, lies the fifth kingdom of Spor. But while the Emerald City is a powerfully positive place, the centrally-located Spor has just the opposite influence for Yew: Spor is a bandit land, ruled by the mysterious King Terribus, and populated by giants with huge clubs, and dwarfs who threw flaming darts, and the stern Gray Men of Spor, who were the most frightful of all. The other peoples of Yew are pleased if the denizens of Spor come to rob them only once a year.
